Crisis in Fertilizer Industry

706. SHRI J. P GOYAL:
SHRI VIRENDRA VERMA:

Will the Minister of AGRICULTURE be pleased to state:

(a) whether Government are aware of the grave economic crisis in the fertiliser industry in the country facing liquidity problems with the total inventories estimated at 3.7 million tonnes of nutrients valued at 1,100 crore;

(b) whether it is a fact that Government have directed the fertiliser industry to hold back 40 per cent of its production to facilitate the sale of imported fertilisers adding to the industry's problems; and

(c) if so, what are the reasons thereof stating the manner in which Government propose to ease the situation and to help the industry to tide over its present crisis?

THE MINISTER OF STATE IN THE DEPARTMENT OF FERTILIZERS IN THE MINISTRY OF AGRICULTURE (SHRI R. PRABHU): (a) Yes, Sir.

(b) No, Sir.

(c) Due to unfavourable weather conditions during the last three years, in a row, fertilizer consumption has been below the targetted levels. Therefore, the stocks of indigenous fertilizers have gone up, leading to excessive supply of urea. To provide relief to the industry, steps have been taken to ensure price discipline in the sale of fertilizers. Imported stocks are not released for sale, as far as possible, so long as indigenous stocks can meet the entire demand Besides, the import of nitrogenous and phosphatic fertilizers during the year has been drastically reduced.

Sugar Output in the Country

707. SHRI DINKARRAO GOVINDRAO PATIL: Will the Minister of FOOD AND CIVIL SUPPLIES be pleased to state:

(a) whether there is likely to be any short fall in sugar output in the country due to the recent drought; and

(b) if so, the extent thereof?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND THE MINISTER OF FOOD AND CIVIL SUPPLIES (SHRI H. K. L. BHAGAT): (a) and (b) Sugar is an agro-based industry and sugar production depends on various factors, including drought conditions etc. The sugar production during the first fortnight of current 1987-88 season upto 15th October was 0.29 lakh tonnes as against 0.19 lakh tonnes on the corresponding date last year showing an increase of 52.6 per cent and thus it is too early to assess the extent of loss in production due to drought conditions Sufficient stock of sugar is available to meet the domestic requirements of the coun-
